

General Manager Client Services

- **Key Leadership Role**
- **Strategy & Excellence**
- **Driving Performance**

Care Connect is an emerging national leader in the provision of innovative community support services across Victoria, New South Wales and Queensland. We support individuals and families including the aged, disabled and those with multiple and complex health needs.

Reporting to the Chief Executive Officer, you will be required to demonstrate the ability to assist in managing a complex organisation in an environment of change. Innovation, visionary, strategically oriented and energy forms the basis of your professional leadership capabilities. You will be required to lead and inspire an established team of professionals in delivering a wide range of high-quality community focused services.

The ability to nurture a broad range of stakeholder relationships to effectively meet community expectations is at the core of what you do. Outstanding communication skills complement your ability to translate strategy and policy into deliverable outcomes. The capacity to influence and continue to build the reputation of Care Connect is vital to your success. Appropriate tertiary qualifications are essential with post graduate studies being highly regarded.

An attractive remuneration package for this leadership role is being offered by the organisation.
