

Care Connect is an organisation that supports people with care needs to remain living independent in their community. Care Connect was established in October 1994 as a non-profit organisation, and is approved as a registered charitable organisation. Care Connect currently has offices in Victoria, New South Wales, South Australia and Queensland. Care Connect receives program funding through State and Commonwealth Governments to provide services through a number of specific programs.

**Our Mission:** Promoting choice and participation through leadership and innovation in our services, partnerships and work in the community.

**Services available through Care Connect include:**

<p><b>Case Management</b> ☎ 1800 116 166</p>	<p>Care Connect receives program funding through various State Governments, and the Department of Health and Ageing (the Commonwealth Government) to provide case management services through a number of specific programs including Aged Care, Disability Care and Respite Care.   <a href="mailto:info@careconnect.org.au">info@careconnect.org.au</a>       <a href="http://www.careconnect.org.au">www.careconnect.org.au</a></p>
<p><b>Private Case Management</b> ☎ 1800 116 166 <i>a division of Realise Life, Care Connect</i></p>	<p>Care Connect undertakes a range of privately-contracted user-funded case management services. These are available in a timely manner and for any length of duration, dependent on your individual requirements. Included is specialised private case management for Acquired Brain Injury managed by an experienced team.   <a href="mailto:info@careconnect.org.au">info@careconnect.org.au</a>       <a href="http://www.careconnect.org.au">www.careconnect.org.au</a></p>
<p> <b>(07) 3482 0800</b> <i>a division of Realise Life, Care Connect</i></p>	<p>Care Connect “Home Instead Senior Care” provides in-home services for individuals wishing to remain living in their own home. The service will allow Care Connect to provide a wider choice of non-medical services to clients, including companionship, meal preparation, transport to appointments, personal care, light house – keeping, medication reminders and early stages of Alzheimer’s and dementia care, in the comfort of their own homes.   <a href="mailto:info@homecareconnect.com.au">info@homecareconnect.com.au</a>       <a href="http://www.homeinstead.com.au">www.homeinstead.com.au</a></p>
<p> ☎ 1300 662 527 <i>a division of Realise Life, Care Connect</i></p>	<p>Telecare Connect is the Assistive Technology division of Care Connect providing Telecare solutions to elderly and vulnerable people. Telecare is the use of technology such as alarms and sensors in conjunction with telecommunication channels to provide remote monitoring of real-time emergencies. This technology allows proactive management of risk and enables a person to remain living independently at home.   <a href="mailto:info@telecareconnect.org.au">info@telecareconnect.org.au</a></p>
